THE FIRST SYMPTOM

Every Woman and Girl Should Correct Any Thinning of the Blood and Prevent Anaemia.

Bloodlessness is one of the greatest enemies of growing girls and young women. So stealthily and gradually does it afflict them that the disease is often well advanced before it is detected. Therefore it is important to note the first symptoms and check the thinning of the blood.

Mrs. Lewis K. Borland, of Frazee, Minn., who cured herself with Dr. Williams' Pink Pills for Pale People, says: "When I was about twelve years old I took a severe cold, which left me in a weakened condition. I thought nothing of it at first but kept getting weaker until I was confined to my bed for a day or so at a time. I was pale and did not have a particle of color. I had severe dizzy spells with a fainting sensation and became so sick that I had to leave school. My appetite was poor and I ate hardly enough to keep me from starving. My parents thought I was going into quick consumption and were alarmed at my condition."

"I tried different remedies without relief until I began taking Dr. Williams' Pink Pills. They had cured a cousin, when she was suffering as I did, and my parents decided to have me try the pills. They proved the turning point in my life for I got well in a short time. I have never had to use the medicine since and can truthfully say that Dr. Williams' Pink Pills were the means of giving me my present good health."

These pills make the new blood that dispels the "always tired" feeling and the continual backaches. They banish headaches, low spirits and fits of nervousness.

A helpful booklet, "Building Up the Blood," will be sent free to any address on request. It will show you what Dr. Williams' Pink Pills have accomplished in cases like your own.

Dr. Williams' Pink Pills have repeatedly cured anaemia, indigestion, neuralgia, St. Vitus' dance, rheumatism, lumbago and sciatica. All druggists sell them or they will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

COAST AGITATION PUT UP BARS ON FRUIT

By C. S. ALBERT

(Special Star-Bulletin Correspondence) WASHINGTON, D. C., Sept. 25.—The Department of Agriculture did not lose much time in proclaiming a quarantine against Hawaiian fruits and vegetables. This was expected in view of the continual agitation and pressure brought to bear by Pacific Coast Senators and Representatives. For many months they have labored early and late to accomplish this result.

The fact that the quarantine became effective immediately was something of a surprise. It was to be expected that virtually all Hawaiian fruits would be included. A number of vegetable were also added to the list. The impression prevailed that a few weeks would be allowed during which shippers might send their surplus or packed stock to Pacific Coast ports. Otherwise, the quarantine was regarded as inevitable since the adjournment of Congress.

The action is justified by Department of Agriculture on the basis that determined efforts are being made by experts to exterminate the Mediterranean fly, which has caused all the trouble. Its habits are being studied in the Hawaiian Islands and careful reports prepared for future guidance. Experts in Australia are seeking a parasite which will prey upon the fly and destroy it.

Officials here promise that the utmost diligence will be exercised and all possible efforts made to eradicate the Mediterranean fly and thus permit the removal of the quarantine. No prediction is made as to how much time will be required. Experience has demonstrated that these processes are slow. During the period of elimination Hawaiian fruits and vegetables must necessarily find other markets than those afforded on the Pacific Coast. To that extent the producers of California and other Coast States will be temporarily benefited.

When the preparation of the Agricultural appropriation bill was begun last winter the Pacific Coast Senators and Representatives started a crusade against the introduction of the Mediterranean fly from Hawaii. It was at first proposed to allow \$60,000 for the extermination of the pest. The Californians insisted that examination of incoming products should apply also to the Atlantic seaboard, but that was prevented. The amount was finally carried in the Agricultural bill was whittled down to \$35,000.

Just before Congress adjourned a bill was passed creating a board to examine incoming nursery stock and other shipments. Authority was also given to quarantine against supposedly infected fruits and vegetables. It was under this conferred power that the quarantine against Hawaii was established.

HOUSEHOLD-NECESSITY

Demonstrations daily in J. M. Levy & Co's grocery store, King street, between the hours of 9 and 10:30 o'clock. Volite electro-plating powders, in Gold, Silver, Nickel, Tin and Knife powder.

* Bring along any article of metal you desire plated; no charge to you.

Cable News TURKEY AND ITALY AGREE

GENEVA, Switzerland, October 7.—A dispatch from Buchs to the Journal de Geneve reports the terms of the peace treaty agreed upon by the Italian and Turkish delegates, which now awaits ratification by the two governments and is expected to lead to an immediate armistice.

The terms are: 1st—Absolute sovereignty of Italy in Libya without formal recognition there of Italy by Turkey. 2nd—Free exercise of religious authority by the Khalif, as in Bosnia, Herzegovina. 3rd—Turkey to withdraw her regular troops from Libya. 4th—Italy to pay an indemnity equivalent to Libya's contribution to the Ottoman treasury. 5th—Restitution of the captured islands from Turkey, with safeguards for the Christian population. 6th—No indemnity payable by either side toward the cost of the war. 7th—Re-establishment of diplomatic and commercial relations between the two nations.

Over-Night Wireless To the Advertiser

Slight changes in the style of naval uniforms will cost each officer in the service from \$300 to \$500, according to officers who are protesting against the navy department's latest sartorial orders.

The changes just inaugurated lengthens the coat collar and frock coat and orders a velvet collar for the frock coat. The officers claim that the alterations are without justification.

Among the changes are the following: Shoulder straps abolished for all officers; on white service coat and mess jacket shoulder marks are replaced by metal insignia on tongue of same cloth; epaulet insignia rearranged; no buttons at bottom of the coat-tail of the frock coat; in front five buttons in each row instead of six, buttoning four, the fifth to be wholly visible; no buttons at bottom of evening dress coat-tails; blue evening waistcoat abolished and white substituted; boat cloak to reach two inches below knee; velvet collar; full-dress belt to be woven gold instead of embroidered; linen collars to be standing kind, no turn-down or wing collars permitted; sleeve buttons of plain gold; shirt bosom studs not more than one-quarter inch in diameter.

Germany today accepted the amended draft of the declaration of the European Powers to Turkey and the Balkan mountain states. It now embodies the Austria-Hungarian proposal for a clearer definition of the intention of the Powers, which ask for a larger measure of home rule for the European provinces of Turkey.

Sunrise this morning, the day of the opening of the world's baseball championship series, in New York, found over 500 men and boys lined up at the Polo Grounds, sitting around bonfires, awaiting all night for the first chance at the upper 4000 grand stand seats on sale at nine o'clock.

Announcements were made at London today through the various sporting papers and magazines, that a match between Georges Carpentier and Bombardier Wells has finally been arranged to take place at Monte Carlo some time next February.

The Balkan States situation has been considerably changed by Turkey's eleventh-hour surprise announcement of her willingness to grant a greater measure of self-government to Roumelia and Macedonia.

Eight privates of Battery F, Third United States Field Artillery, were injured by a premature explosion of a shell today at Tobyhanna, Pennsylvania.

3889 FILIPINOS COME TO HAWAII

MANILA, P. I., Sept. 10.—That there was a slight decrease in the number of Chinese, Japanese and Spanish, but a heavy increase, amounting to 70 per cent, in the number of East Indian immigrants coming to the islands, is the most noticeable feature in the report prepared by the acting collector of customs bearing on immigration during the fiscal year 1912.

During the fiscal year 5315 Filipinos departed from the islands, 3889 going to the cane fields in Hawaii. To offset this drain, 1194 Filipinos returned from abroad. American citizens to the number of 4492 left the islands, while 4311 entered during the fiscal year.

There entered 6539 Chinese, 780 less than in the fiscal year 1911, and 7587 departed, 10 less than in 1911, the departures thus appearing to be 1048 greater in number than the arrivals. This loss is, however, only apparent, as the number of Chinese departing without intention of returning was less by 879 than the number of Chinese arriving with the intention to make their future home here.

W. G. SMITH VISITS SEATTLE

The visit of Walter G. Smith to Seattle resulted in the following, from a Seattle paper of September 24:

Walter Gifford Smith, representing the Hawaii promotion committee, of Honolulu, arrived in this city yesterday afternoon from Portland, where he has delivered several illustrated lectures during the past fortnight. The O. W. R. & N. Company is arranging lectures for him here, the first of which will be given before the Chamber of Commerce next Friday evening. He shows slides and motion pictures for a lecture called "The Hawaiian Wonderland."

Explaining his mission last night, Mr. Smith said: "Our people want to get into closer touch with the Northwest generally. We have growing commercial relations with the Sound and are getting about 15 per cent. of our tourists from here. Hawaii is the natural winter playground for the Northwest, being in easy reach from here in the North Pacific, just within the tropic of Cancer."

Cuts Both Ways. "On the other hand, this is the natural summer playground for the rich white folk of Hawaii, about 10 per cent. of whom travel somewhere, generally to Europe, every year. Close Newspaper Friends. "I may say that we now have a rather close journalistic connection with the Northwest. Our editors generally come from this part of the country. Roderick Matheson, editor of the Advertiser, a morning paper, which was established at Honolulu fifty-six years ago, is a Western Canadian. Riley Allen, formerly of the Post-Intelligencer, is the editor of the Star-Bulletin."
